Method Acting Reconsidered - David Krasner

2000 Method Acting is one of the most popular and controversial approaches to acting in the United States. It has not only shaped important schools of acting, but has been a fundamental constant of all American acting. This insightful volume explores Method Acting from a broad perspective, focusing on a point of equilibrium between the principles of the Method and its relationship to other theories of performance. David Krasner has gathered together some of the most well-known theater scholars and acting teachers to look at the Method. By concentrating on three areas of the Method--its theory, practice, and future application--the collection will serve to inform and teach us how to approach acting and acting theory in the 21st century.

2000-09-09 By concentrating on three areas of the Method - its theory, its practice, and its future application - the great tradition of the Method will serve to inform and teach us how to approach acting and acting theory in the twenty-first century."--BOOK JACKET.

Broadway: An Encyclopedia of Theater and American Culture [2 volumes]-Thomas A. Greenfield 2009-12-23 This is the most comprehensive and insightful reference available on Broadway theater as an American cultural phenomenon and an illuminator of American life. • Comprises nearly 200 entries of landmark productions, important theater artists, and topics that highlight Broadway's powerful impact on American culture • Brings together the work of 65 contributors, including leading academic writers and researchers in theater and popular culture as well as working theater professionals • Presents a timeline of major events, including openings of selected landmark productions and birthdates of selected critical figures • Showcases 80-90 photographs of key figures and scenes from landmark productions • Provides a survey of both print and online resources, including general references, specific studies, and selected biographies • Offers a glossary of selected production and business terms • Includes an index of names, productions, and themes

Chicago Shakespeare Theater-Regina Buccola 2012-12-15 "Chicago Shakespeare Theater is
widely known for vibrant productions that reflect the Bard's genius for intricate storytelling, musicality of language, and depth of feeling for the human condition. Affectionately known to natives of the Windy City as 'Chicago Shakes,' and now in its twenty-fifth season, this vanguard of Chicago's rich theatrical tradition celebrates its silver anniversary with this ... collection of original essays by world-renowned scholars, directors, actors, and critics"--

**Reframing Screen Performance**-Cynthia Baron
2010-02-11 "A significant contribution to the literature on screen performance studies, Reframing Screen Performance brings the study of film acting up to date. It should be of interest to those within cinema studies as well as general readers." ---Frank P. Tomasulo, Florida State University

Reframing Screen Performance is a groundbreaking study of film acting that challenges the long held belief that great cinematic performances are created in the editing room. Surveying the changing attitudes and practices of film acting---from the silent films of Charlie Chaplin to the rise of Lee Strasberg's Actor's Studio in the 1950s to the eclecticism found in contemporary cinema---this volume argues that screen acting is a vital component of film and that it can be understood in the same way as theatrical performance. This richly illustrated volume shows how and why the evocative details of actors' voices, gestures, expressions, and actions are as significant as filmic narrative and audiovisual design. The book features in-depth studies of performances by Anjelica Huston, John Cusack, and Julianne Moore (among others) alongside subtle analyses of directors like Robert Altman and Akira Kurosawa, Sally Potter and Orson Welles. The book bridges the disparate fields of cinema studies and theater studies as it persuasively demonstrates the how theater theory can be illuminate the screen actor's craft.

Reframing Screen Performance brings the study of film acting into the twenty-first century and is an
essential text for actors, directors, cinema studies scholars, and cinephiles eager to know more about the building blocks of memorable screen performance. Cynthia Baron is Associate Professor of Film Studies at Bowling Green State University and co-editor of More Than a Method: Trends and Traditions in Contemporary Film Performance. Sharon Carnicke is Professor of Theater and Slavic Studies and Associate Dean of Theater at the University of Southern California and author of Stanislavsky in Focus.

**Liberalism and Human Suffering**-A. Abbas
2010-10-11 A materialist critique of the politics, poetics and economics of suffering in liberalism that argues for attention to the labour of suffering of the victim in many well-meaning but flawed politics of redress, and imagines forms of representation, solidarity and justice that better honour the history and materiality of this labour.

**The Actor, Image, and Action**-Rhonda Blair
2007-11-30 The Actor, Image and Action is a 'new generation' approach to the craft of acting; the first full-length study of actor training using the insights of cognitive neuroscience. In a brilliant reassessment of both the practice and theory of acting, Rhonda Blair examines the physiological relationship between bodily action and emotional experience. In doing so she provides the latest step in Stanislavsky's attempts to help the actor 'reach the unconscious by conscious means'. Recent developments in scientific thinking about the connections between biology and cognition require new ways of understanding many elements of human activity, including: imagination emotion memory physicality reason. The Actor, Image and Action looks at how these are in fact inseparable in the brain's structure and function, and their crucial importance to an actor's engagement with a role. The book vastly improves our understanding of the actor's process and is a must for any actor or student.
of acting.

**Playing to the Camera**
Thomas Cohen 2012-03-13
Playing to the Camera is the first full-length study devoted to the musical performance documentary. Its scope ranges from rock concert films to experimental video art featuring modernist music. Unlike the 'music under' produced for films by unseen musicians, on-screen 'live' performances show us the bodies that produce the sounds we hear. Exploring the link between moving images and musical movement as physical gesture, this volume asks why performance is so often derided as mere skill whereas composition is afforded the status of art, a question that opens onto a broader critique of attitudes regarding mental and physical labor in Western culture.

**The Value of Stanislavskian Acting Techniques in Adolescent Theatre Practice**-Pamela Decker 2008

**Journal of Dramatic Theory and Criticism**- 2013

**Theatre survey**- 2003

**The Director as Collaborator**-Robert Knopf 2006 "The Director as Collaborator" teaches essential directing skills while emphasizing how directors and theatre productions benefit from collaboration. Good collaboration occurs when the director shares responsibility for the artistic creation with the entire production, including actors, designers, stage managers and technical staff. Leadership does not preclude collaboration; in theatre, these concepts can and should be complementary. Students will develop their abilities by directing short scenes and plays and by participating in group exercises.

FeaturesActive learning exercises throughout the text encourage students to learn through firsthand experience. A chapter on directing elements, organized into textual and visceral elements,
introduces students to the fundamental building blocks that help directors achieve their unique artistic interpretations. Notes on collaboration by designers, playwrights, actors, and music directors provide students with real-world feedback on the importance of collaboration for a theatre production. A full chapter on working with designers, with case studies and photos, helps students develop the skills necessary to form collaborative relationships with designers on future productions (Chapter 5). In-class writing exercises help students explore their ideas and develop communication skills. Discussion questions and key terms after each exercise help students solidify their knowledge and acquire the terminology that professionals use. Appendices with forms for auditions, rehearsals, and productions; a glossary; and a comprehensive list of one-act play anthologies provide additional resources for assignments, projects, and productions.

Praise for "The Director as Collaborator"

"This is a well-thought-out book that has a new and exciting approach to the field of theater directing. The concept of collaboration is an important (and oft-ignored) part of the directing process. There are stunning nuggets of wisdom within this text that drive the text forward -- it's the director's job to be an idealist, and this work chooses to show how this idealism can be fore-grounded and made a significant part of the process." --Christopher Berchild, Indiana State University

"This is a very readable book, written in an easy, conversational style using personal experiences and well-defined examples. I think that this is an excellent text for beginning directors of any age. Because of his teaching and directing style, one feels that the author is sitting across the production table having a conversation with a group of friends." --Margaret Brennan, Harrisburg Area Community College"
physical and psychological technique. This text makes the complexities of acting intelligible and accessible to the beginning actor through its system of more than 150 progressively developed exercises with guides for self-analysis and journal entries. Its integrated approach emphasizes the idea that the body informs the mind and that emotion is rooted in physical action. Providing a carefully developed system of training, "Free to Act" guides the student-actor through the complex process by which an actor is formed. Features: Includes 153 in-chapter exercises accompanied by guides for self-analysis, enabling students to integrate intellectual understanding with experiential knowledge. Illustrates difficult exercises and concepts with exercise photos and line drawings throughout the text. Offers guides to keeping an acting journal, enabling students to better understand and integrate experiential material. Offers guides to criticizing peer work in class in order to develop a thinking actor and create a positive classroom atmosphere.

Features production photos to illustrate techniques in performance. Demonstrates text analysis for action and intention with a sample scored scene in Chapter 12.

**Send in the Clones**-Georgina Gregory 2012 Although musical tributes play a role within contemporary culture, little serious research has been published on the subject. This book contributes to the understanding of the phenomenon of the tribute band by linking it to other types of imitative entertainment.

**Renaissance and Baroque Directors**-Anna Migliarisi 2002 This examination of the place of the director in late Renaissance and early Baroque Italian theatre is provocative in its effective challenge to the widespread assumption among contemporary theatre historians and critics that there were no 'directors as creators' prior to the late 19th century.
A History of Modern Drama, Volume I-David Krasner 2012 Covering the period 1879 to 1959, from Ibsen to Beckett, this book is an examination of the plays, dramatists, and movements that comprise modern world drama. Contains detailed analysis of plays and playwrights and connecting themes. Includes coverage of non-English works and traditions to create a global view of modern drama. Considers the influence of modernism in art, music, literature, architecture, society, and politics on the formation of modern dramatic literature.

The Culture of Corporeality-Stefan Leonhard Brandt 2007 The Culture of Corporeality outlines a cultural history of the body in the American postwar years (1945-1960), based on contemporary critical theory and exemplified by a variety of films, literary works, and other documents. The book argues that the body, as a cultural, symbolic, and lived

Stage Directing-Jim Aris Patterson 2004 Written for the introductory directing course, "Stage Directing" is organized around the six basic steps in the process that all successful directors use: selecting the playscript, analyzing and researching the play, conceiving the production, casting, rehearsing, and finally giving and receiving criticism. One reviewer praised "the natural order of the material, the light and engaging style of the writing, the online reference material, and the generally accepted approach to directing re-examined in a fresh voice." (Don Sandley, Samford University) Features: Offers practical directing tips
in sidebars throughout the text to help the new director understand the nuts and bolts of directing. Explains and illustrates actor-audience relationships so students can apply prosenium directing techniques to arena, alley, and thrust stagings. Includes two in-book original short plays allowing the instructor and students to apply concepts to an actual short playscript. Provides an original dramatic vignette as a short and manageable exercise in breaking down a play into units and beats. Features practical directing exercises throughout the text helping students apply theory to practice.

Introduction to Psychoanalysis- Anthony Bateman 2002-09-10 The need for a concise, comprehensive guide to the main principles and practice of psychoanalysis and psychoanalytic psychotherapy has become pressing as the psychoanalytic movement has expanded and diversified. An introductory text suitable for a wide range of courses, this lively, widely referenced account presents the core features of contemporary psychoanalytic theory and practice in an easily assimilated, but thought-provoking manner. Illustrated throughout with clinical examples, it provides an up-to-date source of reference for a wider range of mental health professionals as well as those training in psychoanalysis, psychotherapy or counselling.

Sanford Meisner on Acting- Sanford Meisner 2012-11-07 Sanford Meisner was one of the best known and beloved teachers of acting in the country. This book follows one of his acting classes for fifteen months, beginning with the most rudimentary exercises and ending with affecting and polished scenes from contemporary American plays. Written in collaboration with Dennis Longwell, it is essential reading for beginning and professional actors alike. Throughout these pages Meisner is a delight—always empathizing with his students and urging them onward, provoking emotion, laughter, and growing technical mastery from his charges. With an introduction by Sydney Pollack, director of Out of Africa and Tootsie, who worked with Meisner for five years. "This book should be read by anyone who wants to act or even appreciate what acting involves. Like Meisner's way of teaching, it is the straight goods."—Arthur Miller "If there is a key to good acting, this one is it,
above all others. Actors, young and not so young, will find inspiration and excitement in this book."—Gregory Peck
