Emily Dickinson's Approving God-Patrick J. Keane 2008-09 "Focusing on Emily Dickinson's poem
"Apparently with no surprise," Keane explores the poet's embattled relationship with the deity of her Calvinist tradition, reflecting on literature and religion, faith and skepticism, theology and science in light of continuing confrontations between Darwinism and design, science and literal conceptions of a divine Creator"--Provided by publisher.

Poems-

**Emily Dickinson and Philosophy**-Jed Deppman
2013-08-19 Emily Dickinson's poetry is deeply philosophical. Recognizing that conventional language limited her thought and writing, Dickinson created new poetic forms to pursue the moral and intellectual issues that mattered most to her. This collection situates Dickinson within the rapidly evolving intellectual culture of her time and explores the degree to which her groundbreaking poetry anticipated trends in twentieth-century thought.

**Uncertain Chances**-Maurice S. Lee 2012-01-02 The role of chance changed in the nineteenth century, and American literature changed with it. Long dismissed as a nominal concept, chance was increasingly treated as a natural force to be managed but never mastered. New theories of chance sparked religious and philosophical controversies while revolutionizing the sciences as probabilistic methods spread from mathematics, economics, and sociology to
physics and evolutionary biology. Chance also became more visible in everyday life, as Americans attempted to control its power through weather forecasting, insurance policies, military strategy, and financial dealings. Uncertain Chances shows how the rise of chance shaped the way nineteenth-century American writers confronted questions of doubt and belief. Poe's detective fiction critiques probabilistic methods; Melville's works struggle to vindicate moral action under conditions of chance; Douglass and other African American authors fight against statistical racism; Thoreau learns to appreciate the play between nature's randomness and order; and Dickinson works faithfully to render poetically the affective experience of chance-surprise. These and other nineteenth-century writers dramatize the inescapable dangers and wonderful possibilities of chance. Their writings even help to navigate extremes that remain with us today--fundamentalism and relativism, determinism and chaos, terrorism and risk-management, the rational confidence of the Enlightenment and the debilitating doubts of modernity.

**The Gardens of Emily Dickinson**
Judith FARR 2004
Explores how Emily Dickinson's devotion to gardening is intertwined with her vocation as a poet, demonstrating that more than a third of her poems allude to her flowers and how her love of gardening shaped her choice of metaphors.

**Emily Dickinson and the Art of Belief**
Roger Lundin 2004-02-03
Paying special attention to her experience of faith, Lundin relates Dickinson's life -- as it can be charted through her poems and letters -- to nineteenth-century American political, social, religious, and intellectual history. --From publisher description.

**Liturgical Liaisons**
Jamey Heit 2013-01-10
When Jesus offers his body as a promise to
his disciples, he initiates a liturgical framework that is driven by irony and betrayal. Through these deconstructive elements, however, the promise invites the disciples into an intimate space where they anticipate the fulfillment of what is to come. This anticipatory energy provides the common thread between Donne and Dickinson, who draw specifically on the unstable story that unfolds during the Last Supper in order to develop a liturgical poetics. By tracing the implications of the body as a textual presence, Liturgical Liaisons opens into new readings of Donne and Dickinson in a way that enriches how these figures are understood as poets. The result is a risky and rewarding understanding of how these two figures challenged accepted theological norms of their day.

The Cambridge Introduction to Emily Dickinson-Wendy Martin 2007-03-08 Emily Dickinson is best known as an intensely private, even reclusive writer. Yet the way she has been mythologised has meant her work is often misunderstood. This introduction delves behind the myth to present a poet who was deeply engaged with the issues of her day. In a lucid and elegant style, the book places her life and work in the historical context of the Civil War, the suffrage movement, and the rapid industrialisation of the United States. Wendy Martin explores the ways in which Dickinson's personal struggles with romantic love, religious faith, friendship and community shape her poetry. The complex publication history of her works, as well as their reception, is teased out, and a guide to further reading is included. Dickinson emerges not only as one of America's finest poets, but also as a fiercely independent intellect and an original talent writing poetry far ahead of her time.

Publications of the Modern Language Association of America- 2009
The Oxford Handbook of William Wordsworth
Richard Gravil 2015-01-22
The Oxford Handbook of William Wordsworth deploys its forty-eight original essays, by an international team of scholar-critics, to present a stimulating account of Wordsworth's life and achievement and to map new directions in criticism. Nineteen essays explore the highlights of a long career systematically, giving special prominence to the lyric Wordsworth of Lyrical Ballads and the Poems in Two Volumes and to the blank verse poet of 'The Recluse'. Most of the other essays return to the poetry while exploring other dimensions of the life and work of the major Romantic poet. The result is a dialogic exploration of many major texts and problems in Wordsworth scholarship. This uniquely comprehensive handbook is structured so as to present, in turn, Wordsworth's life, career, and networks; aspects of the major lyrical and narrative poetry; components of 'The Recluse'; his poetical inheritance and his transformation of poetics; the variety of intellectual influences upon his work, from classical republican thought to modern science; his shaping of modern culture in such fields as gender, landscape, psychology, ethics, politics, religion and ecology; and his 19th- and 20th-century reception-most importantly by poets, but also in modern criticism and scholarship.

The Stillborn God-Mark Lilla 2008-09-23
A brilliant account of religion's role in the political thinking of the West, from the Enlightenment to the close of World War II. The wish to bring political life under God's authority is nothing new, and it's clear that today religious passions are again driving world politics, confounding expectations of a secular future. In this major book, Mark Lilla reveals the sources of this age-old quest-and its surprising role in shaping Western thought. Making us look deeper into our beliefs about religion, politics, and the fate of civilizations, Lilla reminds us of the modern West's unique trajectory and
how to remain on it. Illuminating and challenging, The Stillborn God is a watershed in the history of ideas. From the Trade Paperback edition.

**Emerson's Contemporaries and Kerouac's Crowd** - Bradley J. Stiles 2003 Stiles hopes to correct some popular misreadings of the nineteenth-century writers and provide a new approach to reading the twentieth-century authors by juxtaposing them alongside their predecessors."--BOOK JACKET.

**What Philosophers Think** - Julian Baggini 2005-05-10 >

**Romantic Dialogues** - Richard Gravil 2000-09-02 Richard Gravil explores the relationship between works of the “American Renaissance,” in particular the works of the Transcendentalists, and British Romanticism.

emphasizing the significance of the American Revolution to British writers and the role of Fenimore Cooper in the foundation of American literature. He focuses on the reception of Wordsworth and Coleridge by Emerson and Thoreau, Melville's reading of Coleridge and Whitman's transfiguration of Wordsworth, the response of Hawthorne and Poe to Coleridge and Keats, and the exceptional intertextuality of Emily Dickinson.

**Evolution and Christian Faith** - Joan Roughgarden 2012-09-26 Click here to visit evolutionandchristianfaith.org "I'm an evolutionary biologist and a Christian," states Stanford professor Joan Roughgarden at the outset of her groundbreaking new book, Evolution and Christian Faith: Reflections of an Evolutionary Biologist. From that perspective, she offers an elegant, deeply satisfying reconciliation of the theory of evolution and the wisdom of the Bible. Perhaps only someone with Roughgarden's unique academic standing could examine so well
controversial issues such as the teaching of intelligent design in public schools, or the potential flaws in Darwin's theory of evolution. Certainly Roughgarden is uniquely suited to reference both the minutiae of scientific processes and the implication of Biblical verses. Whether the topic is mutation rates and lizards or the hidden meanings behind St. Paul's letters, Evolution and Christian Faith distils complex arguments into everyday understanding. Roughgarden has scoured the Bible and scanned the natural world, finding examples time and again, not of conflict, but of harmony. The result is an accessible and intelligent context for a Christian vision of the world that embraces science. In the ongoing debates over creationism and evolution, Evolution and Christian Faith will be seen as a work of major significance, written for contemporary readers who wonder how-or if-they can embrace scientific advances while maintaining their traditional values.

Clifford Green 2007 Examines the role of faith and religion in American elections, including most recently the 2004 election

What's So Great About Christianity-Dinesh D'Souza 2007-09-25 Examines the assumptions of Christianity and atheism, and argues, among other issues, that Christianity explains what modern science tells us about the universe and our origins better than atheism.

Thomas Hardy: The Complete Poems-T. Hardy 2001-11-14 Thomas Hardy's first love was always poetry. It was not until 1898, when he was fifty-eight years old, having already established his reputation with fourteen novels and over forty short stories, that his first book of poetry, Wessex Poems was published. For the final thirty years of his life he abandoned fiction and devoted himself entirely to poetry. It is a tribute to his remarkable powers of creativity that he is now not only regarded as one of the greatest novelists in the English language, but also as one of the greatest poets.
of the most important English novelists but is also recognised as a poet of major stature and ever increasing popularity. The Complete Poems, edited by James Gibson, includes all of Hardy's prolific output of more than nine hundred poems, complemented by a detailed notes section. Collected in this single volume are his eight books of verse, all the uncollected poems, 'Domicilium' and the songs from The Dynasts. This new edition contains an additional poem, The Sound of Her.

**Thank God for Evolution!**
Michael Dowd 2007 Few issues have revealed deeper divisions in our society than the debate between creationism and evolution, between religion and science. Yet from the fray, Reverend Michael Dowd has emerged as a reconciler, finding faith strengthened by the power of reason. With evidence from contemporary astrophysics, geology, biology, anthropology, and evolutionary psychology, "Thank God for Evolution" lays out a compelling argument for how religion and science can be mutually enriching forces in our lives. Praised by Nobel laureates in the scientific community and religious leaders alike, "Thank God for Evolution" will expand the horizon of what is possible for self, for relationships, and for our world.

**The English Quarterly**
1983

**Coleridge's Submerged Politics**
Patrick J. Keane 1994
Coleridge's Submerged Politics explores Coleridge's response to several crucial issues of the revolutionary and post-revolutionary age: the rise and suppression of English radicalism during the decade of the French Revolution and the tragic questions of slavery and the slave trade. The book consists of two distinct but intimately related sections. Starting with omissions in Coleridge's annotations on Robinson Crusoe, Part I traces his positions on race and slavery, connecting Defoe's novel and the slave-trading of its hero.
with the spectre-bark of The Ancient Mariner considered by several earlier critics as an abolitionist's allusion to the horrors of a slave ship. Keane discusses the numerous similarities that link these two haunting texts: their intertwined motifs of sea, sin, and existential solitude, of transgression, punishment, and at least partial redemption. More important, however, is Keane's treatment of the transfigured but recognizable domestic politics in and beneath the text of Coleridge's poem. Part II argues that imagery and plot developments in The Ancient Mariner reflect political events between November 1797 and March 1798, the months when Coleridge was writing and revising his poem and contributing anti-Pittite verses and essays to the widely read opposition newspaper the Morning Post. Keane steers a balanced course, insisting on the significance of the poem's sociopolitical context without reducing it to a token of its genesis. Though the book is part of the increasingly widespread movement to reinstate historical context as a ground of literary interpretation, Keane does not claim that The Ancient Mariner "says" one thing and "means" another - or is really about either Western guilt regarding the slave trade or Coleridge's own dangerous political voyaging during the months he was working on the poem. By treating The Ancient Mariner as a work of artistic transformation rather than political allegory or an "evasion" of politics, the author allows us to see the poem with an eye that is neither anti-historically "aesthetic" nor necessarily "ideological." As a result, The Ancient Mariner emerges with its interpretation-defeating mystery intact and as a poem to be read, re-created, and wondered about anew.

Emerson, Romanticism, and Intuitive Reason-Patrick J. Keane 2005 "Comparative study in transatlantic Romanticism that traces the links between
German idealism, British Romanticism (Wordsworth, Coleridge, Carlyle), and American Transcendentalism. Focuses on Emerson's development and use of the concept of intuitive Reason, which became the intellectual and emotional foundation of American Transcendentalism"--Provided by publisher.

Emily Dickinson's Rich Conversation-R. Brantley
2013-06-12 Emily Dickinson's Rich Conversation is a comprehensive account of Emily Dickinson's aesthetic and intellectual life. Contrary to the image of the isolated poet, this ambitious study reveals Dickinson's agile mind developing through conversation with a community of contemporaries.

The Complete Poems of Emily Dickinson-Emily Dickinson
2015-11-25 The Complete Poems of Emily Dickinson by Emily Dickinson - Emily Elizabeth Dickinson (December 10, 1830 - May 15, 1886) was an American poet. Dickinson was born in Amherst, Massachusetts. Although part of a prominent family with strong ties to its community, Dickinson lived much of her life highly introverted. After studying at the Amherst Academy for seven years in her youth, she briefly attended the Mount Holyoke Female Seminary before returning to her family's house in Amherst. Considered an eccentric by locals, she developed a noted penchant for white clothing and became known for her reluctance to greet guests or, later in life, to even leave her bedroom. Dickinson never married, and most friendships between her and others depended entirely upon correspondence. While Dickinson was a prolific private poet, fewer than a dozen of her nearly 1,800 poems were published during her lifetime. The work that was published during her lifetime was usually altered significantly by the publishers to fit the conventional poetic rules of the time. Dickinson's poems are unique for the era in which she wrote; they contain short lines, typically lack titles, and often use slant
rhyme as well as unconventional capitalization and punctuation. Many of her poems deal with themes of death and immortality, two recurring topics in letters to her friends.

A Wild Civility-Patrick J. Keane 1980 Keane explores the interaction of emotion and artistry within the poetry and personality of Robert Graves, while analyzing Graves' allusion to earlier English poetry.

Terrible Beauty-Patrick J. Keane 1988

Transatlantic Transcendentalism- Samantha C Harvey 2016-06-30 This new study argues that Coleridge was so influential in America because he provided a framework for American intellectuals to address one of the great questions of European Romanticism: what is the relationship between the Romantic triad of nature, spi

The Divine Conspiracy-Dallas Willard 2009-10-06 The Divine Conspiracy has revolutionized how we think about the true meaning of discipleship. In this classic, one of the most brilliant Christian thinkers of our times and author of the acclaimed The Spirit of Disciplines, Dallas Willard, skillfully weaves together biblical teaching, popular culture, science, scholarship, and spiritual practice, revealing what it means to "apprentice" ourselves to Jesus. Using Jesus’s Sermon of the Mount as his foundation, Willard masterfully explores life-changing ways to experience and be guided by God on a daily basis, resulting in a more authentic and dynamic faith.

The Collected Poems of Emily Dickinson-Emily Dickinson 1993

The Passion of Emily Dickinson-Judith Farr 1992 In a profound new analysis of
Dickinson's life and work, Judith Farr explores the desire, suffering, exultation, spiritual rapture, and intense dedication to art that characterize Dickinson's poems, deciphering their many complex and witty references to texts and paintings of the day.

**Critical Companion to Emily Dickinson**-Sharon Leiter 2007-01-01 Examines the life and writings of Emily Dickinson, including detailed synopses of her works, explanations of literary terms, biographies of friends and family, and social and historical influences.

**My Last Duchess and Other Poems**-Robert Browning 2012-03-05 Features 42 works, among them a number of the Victorian master's famed dramatic monologues, plus such memorable masterworks as "Love among the Ruins," "The Pied Piper of Hamelin" and "Home Thoughts from Abroad."

Includes a selection from the Common Core State Standards Initiative.

**A Murmur in the Trees**-Emily Dickinson 1998 Gathers the imagery of nature in a selection of the noted lyric poet's work accompanied by pen and ink drawings of flowers, birds, and fruit.

**Logical Reasoning**-Bradley Harris Dowden 1993 This book is designed to engage students' interest and promote their writing abilities while teaching them to think critically and creatively. Dowden takes an activist stance on critical thinking, asking students to create and revise arguments rather than simply recognizing and criticizing them. His book emphasizes inductive reasoning and the analysis of individual claims in the beginning, leaving deductive arguments for consideration later in the course.

**Dickinson**-Emily Dickinson 2010-09-07 Vendler turns her illuminating skills as a critic to 150 selected poems of
Emily Dickinson. In accompanying commentaries, Vendler offers a deeper acquaintance with Dickinson, and her selection reveals Dickinson's development as a poet.

**Emily Dickinson's Approach to Poetry**-Donald E. Thackrey 1978

**Experience and Faith**-R. Brantley 2016-04-30

Emily Dickinson (1830-86) recasts British-Romantic themes of natural and spiritual perception for an American audience. Her poems of science and technology reflect her faith in experience. Her lyrics about natural history build on this empiricism and develop her commitment to natural religion. Her poems of revealed religion constitute her experience of faith. Thus Dickinson stands on the experiential common ground between empiricism and evangelicalism in Romantic Anglo-America. Her double perspective parallels the implicit androgyny of her nineteenth-century feminism.

Her counterintuitive combination of natural models with spiritual metaphors champions immortality. The experience/faith dialectic of her Late-Romantic imagination forms the heart of her legacy.

**Reading the Bible Supernaturally**-John Piper 2017-04-13

Does it take a miracle to read the Bible? God wrote a book, and its pages are full of his glory. But we cannot see his beauty on our own, with mere human eyes. In Reading the Bible Supernaturally, John Piper aims to show us how God works through his written Word when we pursue the natural act of reading the Bible, so that we experience his sightgiving power—a power that extends beyond the words on the page. Ultimately, Piper shows us that in the seemingly ordinary act of reading the Bible, something miraculous happens: we are given eyes to behold the glory of the living God.
